# AMERICAN MOUNTAIN MEN

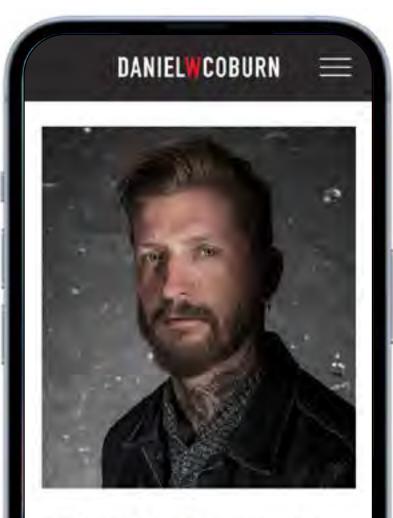

In Spring of 2017 I photographed a regional gathering of the American Mountain Men in the scenic Flint Hills region of Central Kansas. An original edit of this photo essay was published in the Fall issue of the United Airlines in-flight magazine Hemisphere with text by Joshua Hersh.

Objectives and Codes of the American Mountain Men: (excerpt from the AMM website) The specific and primary purpose is to establish and maintain a permanent association for research into and study of the history, traditions, tools, mode of living, etc., of the trappers, explorers, and traders known as the Mountain Men...

#### We are "Premium Bohemian."

Daniel Coburn and Rachel Jump understand that artists need time to think, relax, and make work! Making art should be fun and we are committed to helping our residents have a productive and enjoyable experience in the Baja!

In 2018 Daniel purchased a parcel of land in Baja California near the Sea of Cortez. The intention was to develop a small homestead that would eventually become a sanctuary for creative people. He lived and toiled in the dust and glory of Baja for two years working on what would become the Ojo de Baja Ranch. Two more years, and one pandemic later, the first stage of our dream has been realized. A rustic Mexican casita has been erected on the South side of the property. It's a quaint, beautiful and a fully functional home. Your experience here might be described as "glamping" but we like to describe it as
